MINDS AND SPIRITS

PHILOSOPHY

We believe that education is the process of developing a person spiritually, intellectually, socially and physically through understanding and applying truth. Through this process, a student is equipped to live a productive, godly life and is trained to pursue truth and its varied applications as they fulfill their purpose in a global society.

CURRICULUM

All our classrooms use a strong Christian curriculum with a phonics foundation. This enables our kindergartners to begin reading one-vowel words by January.

Children learn through play, and “play” what they have been learning. Play learning center times are an integral part of our kindergartners’ days.

Kindergarten Centers include: Dramatic Play, Listening, Writing, Counting, Art, Blocks, Books and Technology.

Field trips enhance classroom themes adding to the learning experience. Field trips are an excellent way for children to experience their community and reinforce learning that takes place in the classroom.

“Kindergarten is the place where students build a foundation for the future through exploration and discovery. Come and experience the joy of learning. It’s so much more than child’s play! “

TYPICAL DAILY SCHEDULE

FCS STAFF

All Freedom Christian School teachers are credentialed. In addition, specialized teachers, who have been trained in their field, are brought to the classroom each week to teach an array of “extra classes” that continue throughout their elementary career. Extra Classes include ALL of the following weekly classes:

- CHAPEL
- COMPUTERS
- MUSIC
- SIGN LANGUAGE
- SPANISH
- ART
- PHYSICAL EDUCATION

SPECIAL PROGRAMS

At Home Incentive Programs:
Reading Program
Math Program
Memory Verse Program
At Home Projects

Big Buddy Program:
Elementary children who choose to participate are matched up with an older “Big Buddy”. During the school year, buddies can eat lunch together, attend each other’s classes or recess and participate in special buddy day activities like roller skating or special game times.
